

**2026 SUMMER
FUNDRAISING
GALA**

AUCTION

IN PARTNERSHIP WITH:

CHRISTIE'S

OUR MISSION

Menorca Preservation (MeP) we are a **non-profit foundation that promotes environmental awareness and the preservation of Menorca's natural heritage**, working in collaboration with local organisations and environmental heroes.

We strengthen the work of local environmental organisations by supporting and catalysing projects that contribute to the protection, conservation, and regeneration of its surroundings, focusing on four pillars:
Land, Sea, Clean Energy, and Plastic.

PROJECTS INSPIRING CHANGE

We are supporting a pilot regenerative agriculture project at **Finca S'Ullestrar**, demonstrating that food production and nature regeneration can go hand in hand. This summer, the farm will achieve a major milestone with its organic certification.

The improvements implemented have already made it possible to reduce the number of dairy cows by 17.6%, while milk production has increased by 19.45% and sales revenue by 15%.

LEARN THE ART OF TRADITIONAL CHEESE-MAKING AT FINCA S'ULLESTRAR WITH A PICNIC FOR 6 PEOPLE

Step into the world of sustainable farming alongside the Menorca Preservation team at Finca S'Ullestrar, one of Menorca Preservation's flagship projects

During this unique experience, you will discover, together with the Finca S'Ullestrar team and Menorca Preservation, some of the regenerative farming practices that help restore soil health, enhance biodiversity and produce food in harmony with nature.

The prize includes **a guided tour of the farm, a hands-on cheese-making experience to learn about the production of one of Menorca's most iconic products, and a delicious picnic prepared with local ingredients by Finca S'Ullestrar.**

An immersion into the most authentic side of Menorca, combining nature, tradition, learning and a connection to the land, while offering **a unique opportunity to experience first-hand a pilot project that aims to demonstrate how nature conservation and food production can go hand in hand.**

Important note: *The experience is valid until 17 July 2027 and requires a minimum of two weeks' advance booking. It is subject to availability and the farm's activity schedule and may be adapted according to the season and ongoing agricultural work.*

5-DAY SCIENTIFIC EXPEDITION TO THE MEDITERRANEAN SPERM WHALE NURSERY FOR 4 PEOPLE

Step aboard the IRIFI sailing vessel and join the Tursiops team on a genuine scientific expedition in the Mediterranean

During this exclusive experience, you will have the opportunity to live and work alongside Txema Brotons and Marga Cerdà, researchers specialising in cetaceans, contributing to observation activities and scientific data collection in the only known sperm whale breeding area in the Western Mediterranean, located north of Menorca.

Far more than a sailing trip, this is a unique immersion into marine research and conservation. **A rare opportunity to discover Mediterranean marine biodiversity first-hand and contribute to the knowledge and protection of some of its most remarkable species.**

Important note: *The experience aims to last approximately 4 nights/5 days and may be enjoyed between May and September 2027, with dates to be agreed according to the scientific campaign and weather conditions. The expedition will take place offshore, with no planned stops on land during the voyage, departing from and returning to Mahón Harbour. Participants will take part in a real scientific expedition and should be prepared for flexibility according to the needs of the project and sea conditions. As with any wildlife research programme in a natural environment, sightings of animals cannot be guaranteed.*

DISCOVER THE L'ILLA DE L'AIRE MARINE RESERVE ABOARD A TRADITIONAL LLAUT FOR 6 PEOPLE

Embark on an unforgettable journey to discover Menorca's spectacular southern coastline and the L'Illa de l'Aire Marine Reserve alongside Olives Ocean and the Menorca Preservation team

Spend a wonderful day at sea exploring some of Menorca's most breathtaking coastal landscapes while gaining a unique insight into the island's marine biodiversity and the importance of protecting it for future generations.

The prize includes **a private full-day excursion for up to six guests aboard a traditional Menorcan llaut, complete with skipper, fuel, snorkelling equipment, underwater photographs and a delicious picnic** to enjoy on board.

This exclusive experience offers the perfect opportunity to discover hidden coves, swim in crystal-clear waters and experience Menorca from a truly privileged perspective, guided by local experts who are passionate about the island and its conservation. Don't miss the chance to enjoy a memorable day combining nature, relaxation and discovery in one of Menorca's most remarkable marine environments.

Important note: *The experience is valid during September and October 2026 and is subject to a minimum of 2 weeks' advance booking, availability and weather conditions. The usual departure time is from 10:00 am to 6:00 pm from Mahón Harbour. Guests are kindly requested to arrive 20 minutes before departure.*

ARTISTIC RECYCLING WITH MAGDA TRIAY: AN ORIGINAL TAPESTRY AND A PRIVATE STUDIO VISIT FOR 6 PEOPLE

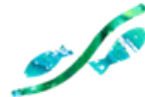

***Discover the creative world of Magda Triay, multidisciplinary artist
and collaborator of PescArt Menorca,
Menorca Preservation's circular economy project***

Step into Magda Triay's studio in Es Mercadal and gain a unique insight into her creative process. Participants will have the opportunity to explore the materials she works with, learn about her artistic practice and enjoy a demonstration of some of the techniques she uses in her creations.

The prize includes **an original tapestry (60 x 80 cm approx.) and a private studio visit for up to six people**, offering a unique opportunity to immerse yourself in Magda's creative universe and discover first-hand the process behind her work.

Committed to sustainability and the principles of the circular economy, Magda Triay has made artistic recycling a defining feature of her work. Through her XARXES project, she gives a second life to fishing nets recovered through PescArt Menorca, transforming them into striking tapestries that combine contemporary art, maritime heritage and environmental awareness.

Important note: *The experience may be enjoyed during the 12 months following Menorca Preservation's Summer Fundraising Gala (16 July 2026) and requires advance booking with a minimum of two weeks' notice.*
